GRADUATE/UNDERGRADUATE STUDENT POSITION ANNOUNCEMENT

Laboratory Researcher

UIC Innovation Center is seeking self-driven, talented and motivated team players to join one of our interdisciplinary innovation labs. Students research and development solutions in a wide range of subject areas including medical products and services, healthcare delivery, and digital products & services for the construction industry. We are always looking for enthusiastic collaborators and typically hire students to start working mid-January, May and August of each year.

We are specifically looking for students studying Design, Engineering, Public Health, Medicine, and Business Administration, however, depending on the project we could need other disciplines. Current/past student specialties include:

- Computer Science
- Electrical Engineering
- Mechanical Engineering
- Urology
- Ophthalmology
- Industrial Design
- Graphic Design
- Marketing
- Management Information Systems

Duties:
Work in a multidisciplinary, collaborative setting with fellow researchers, faculty lab directors, as well as project coordinators/representatives from externally-funded partners such as Caterpillar and Order of St. Francis Healthcare (OSF), and internally-funded partners including the College of Medicine, Department of Urology, and Department of Ophthalmology.

Qualifications:
- Current UIC graduate student or
- Current UIC undergraduate students in their third year or later
- Able to commit to 10 – 20 hours/week during the academic year and/or
- Able to commit to 10 - 30 hours/week during the summer
- Be able to work in an interdisciplinary team
- Have strong problem-solving skills

Salary:
Graduate students: $25.29/hour
Undergraduate students: minimum $11/hour based on experience

Positions will remain open until filled. Ideal candidates would be able to commit to working through the entire academic year. For full consideration, please submit a letter of interest and resume to UICInnovationCenter@uic.edu. For more information, please visit our website at innovationcenter.uic.edu.

These positions require us to conduct criminal background and sanctions checks upon acceptance of a contingent offer. Background checks will be performed in compliance with the Fair Credit Reporting Act. The University of Illinois at Chicago is an Equal Opportunity, Affirmative Action employer. Minorities, women, veterans and individuals with disabilities are encouraged to apply.
